

STAR KIT

LED DIGITAL STAR LIGHTING

twilight
FIBER OPTIC SKY SYSTEM

Epic Sky's TWILIGHT Star Kit creates your perfect night sky with the best LED technology available in digital star lighting. Featuring 8 eye mesmerizing programs that are sure to make you the envy of your friends. From a subtle twinkle to ascintillating strobe you now have the power to control and create your ideal vision of a night sky.

This kit is designed to be a star kit or a custom effect kit.

INSTALLATION IS SIMPLE AND EASY!

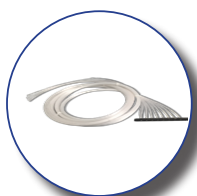

- 1 Drill your desired star pattern into your chosen surface
- 2 Insert the fibers into the holes and glue into place.
- 3 Screw the pre-made fiber head into the Twilight module then turn it ON!

You can trim the fibers flush after your final coat of paint. Intervals of your desired effect can be adjusted through DIP switches on the back of the Twilight module.
